

## **LOCAL PLAN AND ST GEORGE'S**

### **Brief note from RC which he will expand on at MPC meeting on 29 April 2020**

A 6-week consultation period on the Rutland Local Plan due to be submitted to the Inspectorate will start one of these days, depending on Covid 19. Submission of comments on the Plan will be required on a specific form, which will need to be completed and submitted on-line during the 6-week period. I am preparing a draft submission at present taking into account a model form I've obtained via the Inspectorate website. Importantly, the Inspectorate requests that one representative of a group submits comments, not each member of the group. But the person submitting should clarify whom he/she represents. Thus, I hope to prepare a document early enough for members of MAG to see and comment on, with subsequent submission to the PC hopefully for final approval. That may require a brief extraordinary meeting.
